— SEE OFFICE ACTION ON THE FOLLOWING PAGES —

Art Unit: 1645

Claims 3, 11-15, 22, and 24-31 are under consideration by the examiner. The examiner apologizes for the omission of claim 22 in the previous Office action; however, it is apparent that the claim should have been included in the 35 U.S.C. 112, first paragraph, ground of rejection.

Applicant's arguments filed 8/23/99 have been fully considered but they are not persuasive.

Claim 31 is rejected under 35 U.S.C. 112, first paragraph, as containing subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. This is a new matter rejection.

This rejection is maintained for reasons of record. Applicant's arguments are unpersuasive in establishing more generic basis for this claim language as set forth in the prior Office action.

Claims 3, 11-15, 22, and 24-30 are rejected under 35 U.S.C. 112, first paragraph, as containing subject matter which was not described in the specification in such a way as to enable one skilled in the art to which it pertains, or with which it is most nearly connected, to make and/or use the invention.

This rejection is maintained for reasons of record. Applicant's arguments with respect to production of antibodies to further characterize the protein are circular and not persuasive. The Ebendal declaration remains unpersuasive as it uses materials and methods not known at the time

Art Unit: 1645

of the invention and establishes activities not contemplated for GDF-1 nor any other TGF superfamily member at the time of the invention as set forth in the prior Office action.

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
